Breonna Taylor

GOOD EVENING ATTORNEY GENERAL,

The purpose of this email is to inform you that I am very displeased how Breonna Taylor was slained by a police officer. She was wrongfully killed! There was 20 bullets unloaded into her body. The police officers came to her and her boyfriend house unannounced and were in plain clothes.

I asking for these police officers to be prosecuted and convicted for the killing of this young women. She is an American. She is an essential worker. She is somebody's daughter and somebody's niece. I am demanding that the police officers be retrained and taught about diversity and how to treat black and brown people, such as myself. I want the police fired and without pay, and I would like them in jail. They are not upholding the law at all. The police actions are rooted in prejudice and racism.

I will be following up with this matter.
